

Financial Planning Intern Opportunity

We're ready to grow and you can help! Financial Service Group, Inc. is creating a new, ground-floor opportunity for a confident person with a passion for excellence in financial planning.

How would you like to join a small, enthusiastic team that works to improve the lives of individuals and families? Where your passion and persistence will be appreciated and well-rewarded? Where there is plenty of opportunity for personal and career growth and advancement?

Financial Service Group needs your help to fulfill our vision to become one of the premier fee-only financial planning firms in the country. We're looking for a special person who loves to help people, has well-developed communication skills, a passion for financial planning and the ability to multi-task around numerous projects.

During the internship you will learn about the duties and responsibilities associated with working at a fee-only financial planning firm. You will work directly with clients on service issues, prepare reports for client meetings, attend client meetings and complete projects to improve the quality of service delivered to FSG clients.

This is a paid internship with the opportunity to continue as a full-time assistant planner upon the successful completion of the internship.

People describe you as friendly, trustworthy, optimistic, conscientious, and enthusiastic – with a healthy attitude for fun and a quick smile! You see yourself as a self-starter, mature and persistent, with a methodical approach to work.

A team player, you're goal-orientated, love variety, work effectively with little oversight, and enjoy an invigorating, fast-pace environment.

You will have completed (or are close to completing) a program in financial planning through a CFP Board-Registered institution.

**IF this sounds like YOU –
